I. UPDATED INFORMATION

Information updated from the Limited Offering Memorandum Annual Continuing Disclosure Report dated November 1, 2007 is as follows:

- As of December 31, 2008, the developer reports that a total of three lots have been sold. These three lots are located in Phase II-A of the development.
- As of December 31, 2008, a total of \$9,675,638 has been expended for the construction of the public improvements, representing 30 percent of the budgeted amount.
- There were no special assessments to be collected on the parcels in the District for fiscal year 2008-2009. As a result, there are no delinquent special assessments.
- According to Lancaster County, total ad valorem taxes in the amount of \$69,165 were collected on the properties in the development for fiscal year 2008-2009. Ad valorem real property taxes were due on January 15, 2009. As of January 15, 2009, there were no delinquent ad valorem taxes.
- As of December 31, 2008, the trustee reports there were three prepayments for Series B Bonds made in the aggregate amount of \$128,536.36 on the three lots sold to homebuyers. Series 2007B Bonds in the amount of \$129,000 have been redeemed with these prepayments.

II. INTRODUCTION

The Edgewater Improvement District Assessment Revenue Bonds Series 2007A and Series 2007B Bonds have been authorized by an ordinance enacted on July 30, 2007, by the County Council of Lancaster County, South Carolina. The bonds were issued pursuant to the authorization of the County Public Works Improvement Act, codified at Chapter 35 of Title 4, Code of Laws of South Carolina 1976, as amended, a Master Trust Indenture dated as of November 1, 2007 (the “Master Indenture”), and as supplemented by a First Supplemental Trust Indenture dated as of November 1, 2007 (the “Supplemental Indenture” and collectively, with the “Master Indenture”, the “Indenture”) between Lancaster County, South Carolina (the “County”) and U.S. Bank National Association, as trustee (the “Trustee”), and are special obligations of the County payable solely from and secured by a pledge of the Trust Estate.

The Edgewater II Improvement District (the “District”) consists of approximately 376 acres comprising Phases II-A and II-B of the Edgewater Development (the “Edgewater Development”). The proposed Edgewater Development comprises approximately 1,900 acres and is part of an approximately 6,200-acre master planned development project known as Catawba Ridge. Catawba Ridge is located entirely within the County on the easterly shore of Fishing Creek Reservoir, along the Catawba River north of the Nitro Lee Dam and west of South Carolina Highway 200.

The Edgewater Development is being developed as an amenitized first and second-home community. Catawba Ridge is located approximately 30 miles south of Charlotte, North Carolina, and approximately 40 miles north of Columbia, South Carolina. The Edgewater Development site lies approximately 13 miles east of Interstate 77 and is accessible via Highway 9 to Highway 200 or from Highway 21 to Highway 200. The district is bounded on the west by Fishing Creek, on the south by Bear Creek, and located west of Catawba Ridge Boulevard.

The Edgewater Development master plan includes an 18-hole golf course, a marina, boat ramp and access, and other typical amenities. The Edgewater Development will be developed in phases over the next ten to fifteen years. At the time of issuance, Edgewater I Improvement District had commenced development of a projected 727 single-family homes and two amenity centers.

Phases II-A and II-B of the Edgewater Development, which comprise the district, are situated on the banks of the Catawba River. At issuance, the total number of residential units in the district at build-out was expected to be 1,059 (with 562 units in Phase II-A on approximately 266 acres and 497 units in Phase II-B on approximately 110 acres).

As stated in the Limited Offering Memorandum, Edgewater II is to include approximately eight acres of common open space and recreational areas, approximately 38 acres of community amenity space and an 18-hole golf course with country club-style amenities. These items will not be included in the Edgewater II Improvement District and, therefore, are not subject to Series 2007 Assessments.

Craft Development will be responsible for the land development activity at the Edgewater Development. The developer has a homebuilding division, a commercial development division and a land development division. The developer’s homebuilding division will be one of several participating homebuilders at the Edgewater Development.

Assessment revenue bonds in the amount of \$9,229,000.00 (Series 2007A) and \$19,651,000.00 (Series 2007B) were sold in November 2007. Public improvements in the amount of \$30,759,334, funded by both the 2007 Bonds proceeds and private funds will be used for grading, earthwork, construction of major spine roads, secondary roads for the initial pods, gravity sewer lines, pump stations and sewer force mains. All recreational amenities, including passive and active common open space will be privately funded.

Information herein was provided by a number of sources and is believed to be accurate; however, no efforts have been made to independently verify this information.

The information provided herein is not intended to supplement or otherwise relate to the information provided in the Limited Offering Memorandum and any such intent is expressly disavowed. Rather, this report responds to the specific requirements of the continuing disclosure agreement.

No representation is made as to the materiality or completeness of the information provided herein or as to whether other relevant information exists with respect to the period covered by this report. Other matters or events may have occurred or become known during or since that period that may be material. All information is provided as of December 31, 2008, unless otherwise stated, and no representation is made that the information contained in this report is indicative of information that may pertain since the end of the period covered by this report or in the future.

III. DEVELOPMENT ACTIVITY

A. OVERVIEW

According to the Limited Offering Memorandum, the size and scope of the entire project is approximately 6,200 acres and will be phased in over the next 10 to 15 years. At total build-out the project and its various parts will have a total of 16,000 residential units. The master plan for the entire project allows for a number of uses, which includes, but is not limited to, low density residential, medium density residential, high density residential, commercial, retail, office, assisted living facilities, civic/institutional uses, golf course, public and private boat access and a marina. Phases II-A and II-B of Edgewater will comprise the Edgewater II Special Assessment District. The total number of units in Phase II-A and II-B at total build-out was expected to be 1,059 units.

At issuance, the total number of residential units in the district at build-out was expected to be 1,059 (with 562 units in Phase II-A on approximately 266 acres and 497 units in Phase II-B on approximately 110 acres). A breakdown of unit-type by Phase is provided in Table III-1 on the following page.

D. STATUS OF FINANCING

At the time of issuance of the bonds, the developer planned to fund the costs of the Edgewater Development, other than infrastructure, from its own cash and lines of credit, cash flow from the sale of inventory and marketing fees charged to builders. The developer does not expect to mortgage any part of the Edgewater Development.

IV. TRUSTEE ACCOUNTS

The trustee for the Series 2007A and B bonds is U.S. Bank National Association. The initial deposits as of November 1, 2007, interest paid, additional proceeds, disbursements, and account balances for each fund as of December 31, 2008, are shown on the following table:

Table IV-1

Total	\$28,302,400	\$498,818	\$2,287,081	\$17,313,893	\$13,774,406

- Additional proceeds to the Series A and B Interest Accounts were transfers from the Series A and B Capitalized Interest Accounts for the payment of debt service.
- Additional proceeds to the Series A and B Capitalized Interest Accounts were transfers of interest income from the Series A and B Debt Service Reserve Accounts.
- Additional proceeds to the Series B Prepayment Accounts were prepayment deposits on lots within the development.
- Disbursements from the Series A Cost of Issuance Account were payments for costs and expenses related to the issuance of the bonds.
- Disbursements from the Construction Account were payments for the costs related to the public improvements.
- Disbursements from the Series B Prepayment Account were payments for the redemption of the Series 2007B Bonds.

Proceeds in the Series A and B Interest Accounts are invested in First American Treasury Obligation money markets funds that pay interest of 0.17 percent per annum. Proceeds in the Series A and B Debt Service Reserve Accounts, the Series A and B Capitalized Interest Accounts, the Series A Construction Account, the Series A Cost of Issuance Account, the Series A Administrative Expense Account, and the Series B Prepayment Account are invested in First American Government Obligation Fund that pay interest of 0.68 percent per annum. Table IV-2 on the following page shows the average return on the investments in each fund or account.

Investment income on the Series A Administrative Expense Fund will remain in that fund and be used for the purpose of paying administrative expenses. If the reserve requirement is met, investment income in the Series A and B Debt Service Reserve Fund will be transferred to the Revenue Fund. If the reserve requirement is not met, the interest will remain in the Reserve Fund. Investment income in the Revenue Fund will remain in the fund for the purposes of the fund. Investment income in Series A and Series B Interest Accounts and Capitalized Interest Accounts will remain in their accounts to pay interest on Series A and B Bonds. The investment income from the Series B Prepayment Account will be transferred to the Series B Interest Accounts for paying interest on the Series B Bonds. Investment income in the Construction Account will remain in the Construction Account for payment of public improvements costs. Excess funds remaining in the Series A Construction Account, after payment of all public improvement costs shall be transferred to the Bond Redemption Fund as set forth in Section 5.01 of the Master Trust Indenture.

V. DISTRICT OPERATIONS

A. ANNUAL REVENUE REQUIREMENT

The annual revenue requirement is equal to the sum of the following: (1) debt service on the bonds to be paid from the Annual Installment; (2) periodic costs associated with such bonds, including but not limited to, rebate payment and credit enhancement on the bonds; and (3) administrative expenses; less (4) any credits applied under the Bond Indenture, such as interest earnings on any account balances, and (5) any other funds available to the CDA that may be applied to the annual revenue requirement.

Table V-1 provides a summary of the annual revenue requirement for the 2009 tax year. Each of these numbers is explained in the following sections.

Table V-1

Debt Service

Debt Service includes the semi-annual interest payments due on May 1, 2009 and November 1, 2009. Each semi-annual interest payment on the Series A Bonds is \$357,624 and represents interest at an annual coupon of 3.9 percent on the outstanding bonds of \$9,229,000. There is no principal payment on the Series A Bonds on November 1, 2009. As a result, total debt service is \$715,248. Each semi-annual interest payment on the Series B Bonds is \$751,597 and represents interest at an annual coupon of 3.8 percent on the outstanding bonds of \$19,651,000. There is no principal payment on the Series B Bonds on November 1, 2009. As a result, total debt service is \$2,218,442.

Administrative Expenses

At the time the Series 2007 Bonds were issued, bond proceeds in the amount of \$90,000 were

deposited in the Series A Administrative Expense Account for the payment of administrative expenses during the capitalized interest period. As of December 31, 2008, the balance in the Series A Administrative Expense Fund was \$74,752.

Revenue Fund

As of December 31, 2008, the balance in the Series A and B Revenue Fund was zero. As a result, there are no funds available in the Series A and B Revenue Fund to pay debt service in 2009.

Reserve Fund Investment Income

As of December 31, 2008, the balance in the Series A Reserve Fund was \$801,000, which is equal to the reserve requirement. Bond proceeds in the Series A Reserve Fund totaling \$801,000 are invested in a First American Government Obligation Fund earning 0.68 percent. The yield on the bond proceeds invested in the Series A Reserve Fund will result in estimated investment income each year of \$5,447 through November 1, 2009. As a result, interest income estimated to be made available to pay debt service on the bonds in the 2009 tax year is \$5,447.

As of December 31, 2008, the balance in the Series B Reserve Fund was \$1,513,127, which is equal to the reserve requirement. Bond proceeds in the Series B Reserve Fund totaling \$1,513,127 are invested in a First American Government Obligation Fund earning 0.68 percent. The yield on the bond proceeds invested in the Series B Reserve Fund will result in estimated investment income each year of \$10,289 through November 1, 2009. As a result, interest income estimated to be made available to pay debt service on the bonds in the 2009 tax year is \$10,289.

Available Capitalized Interest

The balance in the Series A Capitalized Interest Account, as of December 31, 2008, was \$662,757. Bond proceeds in the Series A Capitalized Interest Account are invested in a First American Government Obligation Fund earning 0.68 percent per annum that matures November 1, 2009. The balance in the Series B Capitalized Interest Account, as of December 31, 2008, was \$2,219,644. Bond proceeds in the Series B Capitalized Interest Account are invested in a First American Government Obligation Fund earning 0.68 percent per annum that matures May 1, 2010.

Table V-2
Available Capitalized Interest

	Series A	Series B
Capitalized Interest balance at December 31, 2008	\$662,757	\$2,219,644
Interest income through May 1, 2009	\$1,502	\$5,031
Interest income through November 1, 2009	\$767	\$3,671
Available Capitalized Interest Account	\$665,026	\$2,228,346

An estimated \$2,269 (\$1,502 + \$767 = \$2,269) in investment income will be earned through the debt payment period of November 1, 2009 for Series A. An estimated \$8,702 (\$5,031 + \$3,671 = \$8,702) in investment income will be earned through the debt payment period of November 1, 2009 for Series B. This investment income on the Series A and B Capitalized Interest Account, together with the Series A and B Capitalized Interest Account balances mentioned above, will be made available to pay debt service in tax year

2009.

Summary

Total authority expenses to be paid in fiscal year 2009 are estimated to be \$2,248,442. Funds available to pay these expenses are estimated to be \$2,984,410, resulting in an annual revenue requirement of zero.

B. DELINQUENT SPECIAL ASSESSMENTS

There have been no special assessments collected on the district since the issuance of the Series 2007 Bonds. As a result, there are no delinquent special assessments outstanding at this time.

C. COLLECTION EFFORTS
